# Agent information: UK GYAP school Immersion

ONEWORLD EDUCATION UK  
PROMOTING GLOBAL CITIZENSHIP

## Our Mission

To provide a platform for students to be able to understand what it means to be a global citizen, benefit from breaking down cultural barriers and share in learning experiences with other students from across the globe.

## School Immersion

We provide immersion programmes for our international students in UK schools. The programmes provide a real world view in to British culture and give our students an unbeatable opportunity to practice and expand their English skills.

## Who is it for?

We accept all international students aged 8-18 to join our Immersion programmes we have Primary schools, middle schools and secondary schools available to suit all age groups.

# GYAP Immersion – What is Unique about it?

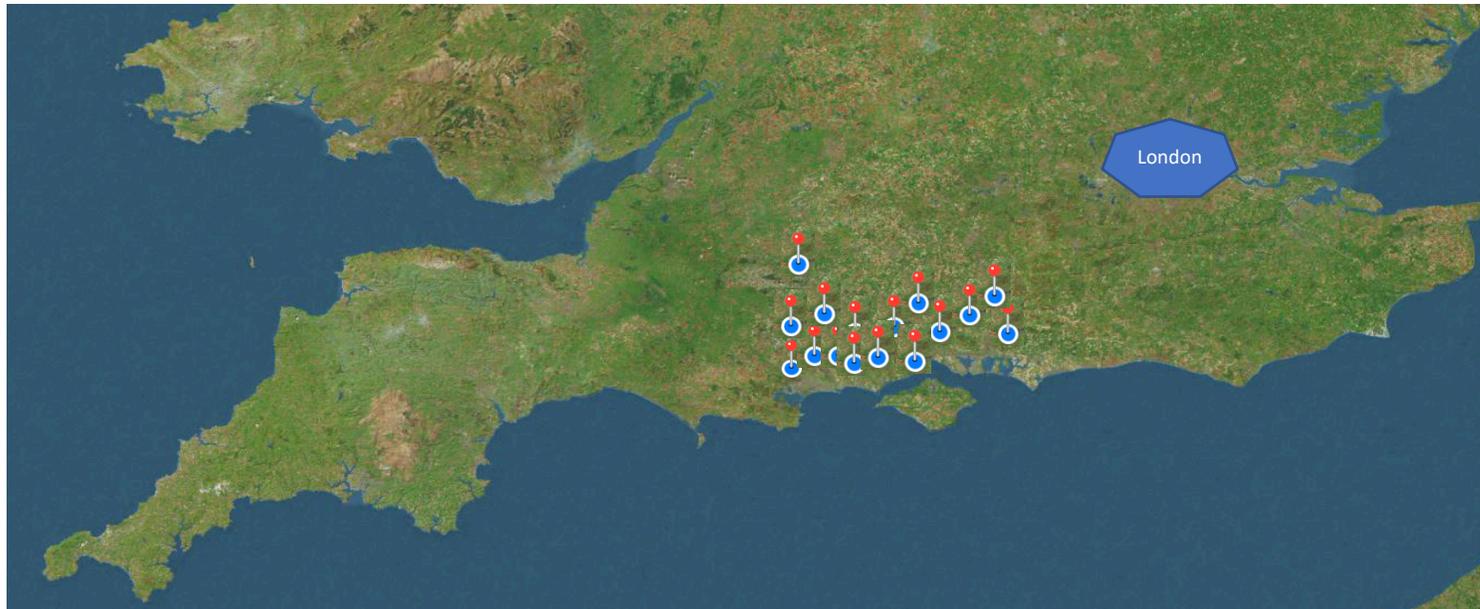

1. **We take pride in what we do** – Your students are our priority and focus, our number one priority is the student experience. We want our students to enjoy themselves and learn and feel like they want to come back for more.
2. **UK students vs second language students** – Our Students are from the UK and Native English speakers. This means when conversing with buddies and their own friends they will only be speaking one language. This is a huge advantage compared to international programmes that struggle to get students from different languages to converse in English.
3. **Trained Schools and Students** – Before your students arrive in the UK our students are trained in global citizenship and given an understanding in how to communicate with their buddies.
4. **Student organised activities** – As part of the training our UK students will plan and organise the activities for your students. This creates a fantastic atmosphere and help cement those global friendships!
5. **Ratios** – Our schools range from 200-1500 students and in the classroom most commonly you will find 2 international students with 30 UK students providing a 1:15 ratio!
6. **Homestays** – Our host families are all subjected to enhanced police check and visits from our dedicated homestay coordinator, who is available to help in anyway necessary during your students stay. You can trust that your students will be safe and well looked after.

# Schools in the South of UK

In the South of England we have the finest schools for your students to visit. In the South of England you are not far from some of the most beautiful and famous land marks in the World. Such as; National Heritage sites, beautiful clean beaches and coastlines, Stonehenge, Garden of Eden Project, New Forest, Dartmoor and famous Universities including Oxford University.

Within 2 hours from London you are able to experience an enriching opportunity for your students.

**2019/2020 Dates:** Our schools are available at various dates throughout the UK school calendar.  
3<sup>rd</sup> September – 17<sup>th</sup> July

## What's involved?

As part of the Global Youth Ambassador Project. Your students will be led by our UK students. The UK students will plan the welcome to the school and activities they do. Your students will be shown around their new school before joining in the lessons. During the immersion we will provide work books for your students so they can join in the lessons, they will also get a diary to record everything that they have done for the week.

The school may put some extra enrichment activities on during your students visit. This can include things such as, baking traditional foods, visits to areas of local interest, sport activities and STEAM activities.

## Who are your teachers?

All the teachers will be employed by the school you are visiting all fully qualified and happy to welcome your international students.

## What's included?

Full immersion in our UK schools include hot lunches. Homestay includes, breakfast and dinner.

<b>Total week</b>	<b>£485</b>

\*25% deposit required 90 days before arrival  
Full payment required 30 days before arrival

# Your stay in England

During your stay in England, your students will have a true British experience which will be enriching and rewarding for your students and teachers.

England is home of the English language and your students will have the opportunity to expand their English within the spoken and written context.

We have a large selection of English schools for your students to visit and experience true British education first hand.

Whilst at school, your students will be “buddied” up with students who have been trained as Global Youth Ambassadors to make your students feel welcome and make friends for life!

**Homestay:** Our local host families love welcoming our international students and sharing their English family life with them. They will prepare a delicious breakfast and dinner for the students. All our host families are friendly and safe, including police checks and a full inspection before hosting students.

# Support for your Group Leaders

We provide support to all group leaders joining their students at our summer camp. Every teacher is briefed on the first day about the week and what they and their students can expect. Giving all teachers and parents back home the reassurance that the programme meets all expectations and their children are safe and well looked after.

Teachers will also get the option of seeing more of the local area during allocated teacher trips to such places as:

- Bournemouth Beaches
- Famous landmarks
- Beautiful Countryside
- Historic Sightseeing
- Shopping
